☑ ABSCH-CNA-BY-201855-2

Details of the permit or its equivalent

Reference number of the permit or its equivalent

The permit 10-2-21/3986 30.08.2018 (103 filters with riverine invertebrates and fish DNA fixed by buffer)

Additional national references or identifiers

A letter of the Ministry of Natural Resources and Environmental Protection of the Republic of Belarus "Compliance with the Nagoya Protocol requirements" confirming the compliance with the Nagoya Protocol when the genetic resources - 103 filters with riverine invertebrates and fish DNA fixed by buffer - were transferred to the University of Otago, New Zealand for scientific purpose and joint publications

Date of issuance of the permit or its equivalent

30 Aug 2018

Prior Informed Consent (PIC) Information

Confirmation that prior informed consent (PIC) obtained or granted

YES

Provider The person or entity that holds the right to grant access to the genetic resources in accordance with domestic legislation.

Mutually Agreed Terms (MAT) Information

Confirmation that mutually agreed terms (MAT) have been established

YES

Additional information about the mutually agreed terms

- 3.1 The provided genetic resources should be used for non-commercial purposes only.
- 3.2 Use of genetic resources for commercial purposes is possible only upon the conclusion of a new benefit-sharing agreement.
- 3.3 Any changes in terms and conditions for the genetic resources' use specified in clause 3.1 shall be formalized in the form of additional agreements (protocols) to the present Agreement.
- 3.4 The User of Genetic Resources shall get prior approval from the National Competent Authority:
- to submit an application for intellectual property rights to the invention based on accessed genetic resources' use;
 - for commercial use of accessed genetic resources.

 SPSB_signed_VK.pdf

Subject-matter

Subject-matter or genetic resources covered:

The subject of this Agreement is the transfer of genetic material of riverine invertebrates and fish DNA for scientific purpose and joint publications

Information on the utilization of the genetic resource(s)

Type of use allowed by the permit or its equivalent

Non-Commercial

Specific uses covered by the permit or its equivalent or use restrictions:

Access was granted for scientific research. Use of genetic resources for commercial purposes is possible only upon the conclusion of a new benefit-sharing agreement.

Conditions for third party transfer:

The User of Genetic Resources shall get prior approval from the National Competent Authority:

- to submit an application for intellectual property rights to the invention based on accessed genetic resources' use;
- for commercial use of accessed genetic resources

Documents and Additional information

Copy of permit or its equivalent, or other relevant open-access document:

A document confirming the compliance with the Nagoya Protocol issued by the Ministry of Natural Resources and Environmental Protection as a letter of 30.08.2018 No 10-2-21/3986
