Mutually Agreed Terms (MAT) Information

Confirmation that mutually agreed terms (MAT) have been established

YES

Additional information about the mutually agreed terms

- 3.1. Provided genetic resources should be used for non-commercial purposes only.
- 3.2. The use of genetic resources for commercial purposes is possible only after the concluded side benefit-sharing agreement to this Agreement (or a new agreement).
- 3.3. Any changes to the Agreement procedure and the use of genetic resources referred to in Paragraph 2 should be in the form of side agreements (protocols) to this Agreement.
- 3.4. The user of genetic resources must obtain the prior approval of the national competent authority for:
 - submitting an application to acquire an intellectual property right to an invention based on the genetic resources accessed
 - commercial use of genetic resources accessed

Subject-matter

Subject-matter or genetic resources covered:

41 tubes with root samples of Orchidaceae - *Corallorhiza trifida*, *Liparis loeselii* and *Listera cordata*

Information on the utilization of the genetic resource(s)

Type of use allowed by the permit or its equivalent

Non-Commercial

Specific uses covered by the permit or its equivalent or use restrictions:

Access was granted for scientific research. Use of genetic resources for commercial purposes is possible only upon the conclusion of a new benefit-sharing agreement.

Conditions for third party transfer:

The User of Genetic Resources shall get prior approval from the National Competent Authority:
- to submit an application for intellectual property rights to the invention based on accessed genetic resources' use;
- for commercial use of accessed genetic resources.

Documents and Additional information

Copy of permit or its equivalent, or other relevant open-access document:

A document confirming the compliance with the Nagoya Protocol issued by the Ministry of Natural Resources and Environmental Protection as a letter of 01.10.2018 No 10-2-3204/4461
